2. USAGE CHARGES

The following shall be the rates for water usage and are in addition to the customer charge and public fire protection charge.

<u>Monthly Usage – Gallons</u>	<u>Rates per 1,000 Gallons</u>
First 10,000	\$4.96*
Over 10,000	\$2.17*

Multiply units – When multiple units are served by one meter, the above usage rates shall be applied on a "per unit" basis.

3. PUBLIC FIRE PROTECTION CHARGES

Application to all metered water service customers (except for Sales for Resale) located in a municipality, township, or fire protection district in which public fire hydrants are connected to Company's water mains.

Monthly Charge

All metered water service customers (except Sales for Resale) located in a municipality, township, or fire protection district in which public fire hydrants are connected to Company's water mains shall pay a Public Fire Protection Service Charge in the amount as set forth below, such charge being in addition to the rates and charges set forth elsewhere in this tariff for regular water service.

<u>Location</u>	<u>5/8"</u>	<u>3/4"</u>	<u>1"</u>	<u>1 1/2" & Larger</u>
Lake County	0.77	1.15	1.93	3.84

Apartment – Efficiency.....	\$50.00
Mobile Home.....	\$120.00

Commercial and Industrial:

Each 100 gals. per day average usage..... \$50.00

In the case of commercial and industrial customers, the initial determination of the amount of contribution will be made by the Company based on information supplied by the prospective customer relating to quantities of water to be used. If, during the period of water service to such customers, the quantity of water actually used by such customer is found to be substantially (more than 10%) different from originally estimated, the contribution required herein will be recomputed based on actual usage and the difference between the original contribution and the recomputed contribution will be paid by the customer if the recomputed contribution is higher or refunded by the Company if the recomputed contribution is lower.

All contributions received by the Company in accordance with this Rule will be identified as such on the books of the Company and will be used only for the purpose of providing additional source of supply, pumping, purification, storage or water transmission facilities. Any such facilities provided will at all times be the property of the Company.
